K. C. Das Commerce College

A SHORT PROFILE

LOCATION :

K. C. Das Commerce College is a well-known institute of commerce education in the North-East. It is located within the Guwahati city at a distance of 37 kms from the Gopinath Bordoloi Airport, Barjhar, Guwahati and 3 kms from the Guwahati Railway Station.

THE BEGINNING :

The college was established on the 7th day of November, 1983. The untiring efforts of a group of eminent educationists and free thinkers who felt the necessity to establish the second Commerce College in Guwahati gave birth to K. C. Das Commerce College. The college was instituted with the financial assistance provided by Shri Ramesh Chandra Chaudhury and the college has been named in the cherished memory of his father Late Keshab Chandra Das, an educationist of repute who was Inspector of Schools, Assam in the 1930's.

Initially the college started in the evening shift with one hundred and seven students in the premises of Sonaram H.S. & Multipurpose School, Bharalumukh, Guwahati. On the 30th of Nov. 1994, the college was shifted to its permanent site at Chatribari, Guwahati - 781008.

The college came under the deficit-grants-in-aid system in the year 1998.

FUNCTIONING : HAND IN HAND WITH 21st CENTURY

At present it has nine departments, viz-Accountancy, Management, Finance, Economics, Mathematics and Statistics, English, Assamese, Hindi, and Bengali and it imparts education to more than eighteen hundred students with an efficient and dedicated teaching staff, whose endeavour is to direct students to become motivated life-long learners and decision-makers. More than eight hundred students are admitted annually. Since its establishment, the college has come a long way in meeting the emerging needs and challenges of the present day scenario.

INFRASTRUCTURE :

At present, we have provided the infrastructure consisting of airy and spacious classrooms, a library—which has a fair collection of books on wide ranging subjects. The library regularly subscribes to a number of magazines and periodicals, daily news papers, and national and international journals. Reference section, Magazine, News Paper section with 'Reading Corners' are also available to ensure that the students realise their true potential and grow up to become complete individuals and responsible citizens.

The college has a well developed computer centre so that the students will be fully equipped to deal with any aspect of computer. Incorporation of computer aided learning and internet connection has aided a new dimension to the teaching process.

However, the full-fledged structure as per architectural planning will be available within a very short time because we intend to provide more facilities including 'Digital Library' which will be the first one of this kind in North Eastern region.

VISION OF THE COLLEGE

K. C. Das Commerce College envisages to be the premier institute to impart good quality commerce education in the North-East of the country. It aspires to be recognised for its quality teaching to a diverse student population so as to enable them to realise and develop their inherent and potential capabilities. We aim to expand the employability of our students.

In the new millennium we envision that our college will—

1. be challenged to meet the needs of the society so that we can be leaders in educational innovation, creative expression and artistic production by fostering an atmosphere of intellectual excitement, innovation and entrepreneurship.
2. remain committed to inter disciplinary research and education, not only within and across academic fields, but also across institutional, national and cultural boundaries.
3. continue to focus its attention and resources in areas where we can achieve excellence and comparative advantage in realising our mission.
4. provide our region with an educational and cultural centre in which demonstrated excellence is the pervading theme—in the classroom, on the playing fields, in service to students and community.
5. be known for the success of its students as productive citizens whose active participation in their education has enabled them to reach their potential, capitalising on their diverse backgrounds, talents and interests.
6. take its place in a society which demands from all its participants—honesty, integrity and civilised discourse and behaviour.
7. be a model learning institution with a working environment in which the quality of life, mutual support and team work on campus are rich and participatory.
8. help students make successful educational and career transitions in today's dynamic world.
9. enable the guardians to assess their own children and help them to reach their full potential.
10. help teachers to improve themselves through self assessment and professional development.

MISSION OF THE COLLEGE

The Three Year Degree course leading to the Bachelor of Commerce degree allows the students to pursue a Pass course or a Major course in Commerce. The subjects in which they can offer Major are Accountancy, Finance and Management.

The curriculum followed by the college in the Degree level is the one prescribed by Gauhati University. However, if the need and opportunity arises, the college is always ready to introduce new subjects and courses for the benefit of the students.

For Higher Secondary in Commerce, the syllabus and curriculum followed is the one prescribed by Assam Higher Secondary Education Council.

The aim of this college is to broaden the outlook of the students by emphasizing the age old values and virtues of life through education. We aim to inculcate positive thinking, develop analytical skills, moral, social and aesthetic values in them.

Vocational training and extra curricular activities are given due weightage with the aim of motivating the students to face the challenges of life, and thus to prepare them so as to gain enough confidence to be entrepreneurial and innovative. Besides the regular students, the college aims to give the opportunity to any one who is willing to learn. We aim to create and shape individuals who have a socially responsive outlook and are willing to learn and accept new ideas according to the changing times which will ensure all round development of the nation.

For the teachers of the college, teaching is a religion, a lifetime commitment, a vocation and a profession and not just an occupation. The teachers strive to keep abreast with the latest development in their own fields.

Striving for quality enhancement and excellence is our way of life.

GOALS AND OBJECTIVES

1. To promote academic excellence in teaching, so as to produce commerce graduates of higher standards in order to enable them to face the challenges of changing times.
2. To exploit and draw out the talents and abilities of the students and to prepare them for active life commitment with a passion for achievement.
3. To encourage innovative experiments in methods of teaching and evaluation.
4. To help the students develop skills of communication, self study, self analysis and realise their own potential and calibre.
5. To render academic and financial assistance to the socially, economically and academically disadvantaged sections of the society.
6. To produce intellectually, morally upright and socially committed citizens by inculcating in the students human values through education, and thereby aim to dispel darkness from the society by preventing further erosion of values and virtues.
7. To arouse in the students a sense of social justice, a concern and responsibility for their fellow beings by exposing them to real life conditions in the backward rural areas and to motivate them to render meaningful community welfare service.
8. To encourage and help the teachers of the institution gain more knowledge through research activities, writing articles, books and other promotional activities for career advancement.

THE COLLEGE EMBLEM

The College Emblem holds a significant meaning. The “Diya” or the “Lamp” at the centre is symbolic of the light of knowledge which, like the rays of the sun radiates hope into the lives of man.

“Knowledge is Power” and the “Open Book” below speaks of learning and the quest for knowledge which is the primary pre-occupation of the institute.

Just above the lamp, is an inscription— “Abirabirma edhi”, which is a part of a Sanskrit sloka taken from ‘Aitareya Upanisada’. This sloka is an invocation to ‘the supreme soul’ to lead man towards knowledge. The above extract is an invocation to the same ‘supreme soul’ to enlighten the mind of man. Simplifying this, it means elimination of the darkness of ignorance by the light of knowledge.

The central ensemble is surrounded by a circular band on which is inscribed the name of the college in both Assamese and English language. The entire emblem stands on an arc which mentions the date of establishment of the college.

THE MOTTO OF THE COLLEGE

The College Motto is : **“To Strive, To Seek, To Learn and not To Yield.”**

The motto speaks for itself— it is the continuous search for knowledge and excellence which is the prime objective of the institution.
